MEMORANDUM FOR: Lawrence K. Gershwin
National Intelligence Officer for Strategic
Programs

STAT

FROM:
Chief, Facilities Management Division, OL

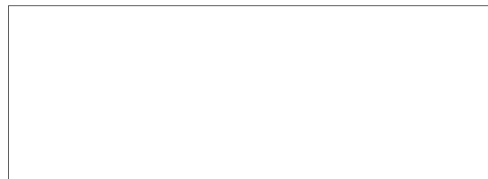

SUBJECT: Traffic Safety Problems

REFERENCE: Memo for DDA from Lawrence Gershwin dtd
24 June 1986, same subject, NIC 03012/86

1. I appreciate your concern for the parking and traffic situation in front of the Headquarters main entrance. The angle parking spaces that border the roadway on the quadrangle are a temporary arrangement which provides reserved parking for senior officers temporarily displaced from the perimeter road while new curbing and lighting is installed. Traffic congestion was considered by Facilities Management Division, Headquarters Security Division, and Safety Division of OMS, and because of this, a white stop line and the word "STOP" was painted on the roadway. In addition, there is a metal stop sign on the right.

2. On 7 July 1986, the front perimeter road parking spaces are scheduled for return to Agency use, and those persons parking around the quadrangle will return to their old spaces. At this time, two or three angle spaces at the end will be eliminated to improve line of sight. Once construction on the South and North Lots has been completed, all front angle spaces on the quadrangle will be eliminated.
